Self Reported Accounts

Self-reported data is contributed through your Experian account.

Manage your self-reported account(s) through Experian Boost. The account number listed on your Experian credit file is a tracking number generated by Experian—not the account number at your bank or payee. Original creditor is the source of your self-reported data (your bank) and the payee (the company to which you pay your bills). The balance and monthly payment reflect the most recent payment recorded at your bank.
